

## Natural Bathroom Cleaner

An environmentally friendly product based on plant and mineral-based biodegradable ingredients formulated to cut through soap scum, hard water and rust, leaving vanities and bathrooms naturally clean. In fact, our natural bathroom cleaner works as well as traditional cleaners. Plus as well GreenEarth's bathroom cleaner contains natural citric acid for an extremely effective lime scale removal.

GreenEarth bathroom cleaner is tough on soap scum and bathroom dirt whilst the fresh plant based fragrance leaves bathrooms and restrooms sparkling clean!

**Environmental Choice Certified.**
